1.   Comment. Report indicates that the units of the 1st Meck Div and 2d Light Arty Brig (US) were at their quarters on 8 December. See  . It is believed that the 18th (?) Engr Bn was transferred to the Loewen Kaserne at the beginning of December in order to make room for Soviet officer families in the Till Eulenspiegel Settlement. Since, for this purpose, quarters had also to be made available in the Olympische Dorf, it is believed that Soviet dependents arriving in Doberitz post will predominantly be billeted in troop quarters, an arrangement which, according to available information from East Germany was aimed at but could not be carried through in all instances. The officers are known.
